

# Kidd

## Bale Chopper 814SG

# Bale Chopper Kidd 814SG

*Proven cost effective machine  
for silage and straw bale processing*

## Silage

- Precise chopping of round bale silage
- Smooth controllable delivery to feeder or trough
- Compact size allows access to restricted space

## Straw for Bedding

- Better use of material and labour with less wastage
- Placement of bedding at front of stalls
- Cleaner and healthier bedding and animals
- Increased moisture absorption
- Easier use in liquid slurry systems

## Standard Features

- Minimal service and running costs
- Discharge ports on both sides of the machine
- Simple operation from inside the tractor
- Hydraulically driven adjustable rotating tub
- Versatile 'Quick Hitch' A Frame linkage

- Heavy duty bevel gearbox requires minimised power requirement
- PTO shaft with slip clutch
- Quality painted finished achieved with a fully shot-blast preparation
- Segmented tub panels for easy replacement
- Rear parking stand for stability
- Hydraulic bale lifter

## Optional features

- Load Bearing Wheel Kit
- High Level Discharge Kit  
(min height 1.58m & up to 8m throw at 1000rpm)

## Technical Specification

Tub Diameter .....	1.58 metre
Overall Width .....	1.70 metre
Overall Height .....	1.76 metre
Overall Length .....	2.26 metre
Power Requirement PTO .....	52 kW (70hp)
Weight .....	730 kg
PTO Input speed .....	540 rpm
Discharge Height (std).....	0.66 – 0.96 metre
Safety Protection (std).....	Slip clutch
Tractor Hydraulic Requirement.....	2 Double acting spool
No. small bales .....	5
Diameter of round bale .....	up to 1.25 metres
No. of Blades (std).....	9
Female 'A' Frame Quick Hitch .....	Standard
3 Point Linkage Mounted.....	Standard
